## Stericycle working in partnership with Mauser UK Ltd (Daniels Healthcare)

Introducing our new partnership with Daniels Healthcare. In their mission to provide a sustainable solution to the healthcare sector, they have introduced the new SHARPSGUARD® eco range:

### THE NEW SHARPSGUARD® ECO CONTAINERS ARE:

- Made from at least 40% recycled content
- Reducing carbon footprint
- Fully compliant with UN3291 & ISO 23907-1:2019 standards
- Reducing dependence on virgin plastic made from crude oils
- Coloured lids & containers in line with HTM07-01 waste segregation guidance
- Removing the financial impact of the government's Plastic Packaging Tax

*Bringing the UKs favourite waste management company together with the UKs favourite sharps container.*

# Benefits of the SHARPSGUARD® eco range

## Sustainable sharps solution

Made from at least 40% recycled content the SHARPSGUARD® eco range of containers reduces the amount of single use plastic whilst still meeting the highest standards in quality and safety.

## Ease of assembly and use

Round, simply designed containers are easy to assemble and safe to use

## Optimal storage

Inter-stackable containers with flat lids minimize the space required to store all the containers you need

## Maximised usable capacity

Unique flat lid allows for the maximum amount of usable capacity with an average of 83.5% of the container available across the range

## Compliance and colour identification

Fully compliant with UN3291 and ISO 23907-1:2019 standards, with the range in correctly coloured lids & containers in line with HTM07-01 waste segregation guidance
